WELCOME TO OCEAN COUNTY'S GUIDE TO ACCESSIBLE BEACHES

The County's Office for Individuals with Disabilities has published a guide that includes information about accessible beaches, walkways, ramps, parking, and surf chair availability, as well as beach fees, lifeguard hours, and amenities.

The guide is organized alphabetically by town and provides municipal phone numbers and websites for updated information. Please note that information in this guide is subject to change. It is recommended to check the municipality website, or call before you visit to verify accuracy.

The Office for Individuals with Disabilities, which is part of the Ocean County Department of Human Services, provides information, referrals, and advocacy for persons with disabilities and their families, and serves as a liaison to State and non-profit agencies.

The staff also works closely with the County's Office of Senior Services and the Veterans Service Bureau to provide assistance and resources.

Have a safe and happy summer!
